

3X3 Sudoku

- Design a Game for kids to strengthen their Analytical Abilities using 3x3 square board.
- Rules:
 1. Place a number in any cell. The same number should not repeat in same column or row i.e. disable the cells for the same number in the row or column.
 2. After placing the number, you need to show the possibilities for the next number in the puzzle.

- To initiate the game you have 9 choices in the first moment.

0,0	0,1	0,2
1,0	1,1	1,2
2,0	2,1	2,2

- After selecting the particular cell to place the number 1, The resultant choices and their out come

1	0,1	0,2
1,0	1,1	1,2
2,0	2,1	2,2

0,0	1	0,2
1,0	1,1	1,2
2,0	2,1	2,2

0,0	0,1	1
1,0	1,1	1,2
2,0	2,1	2,2

0,0	0,1	0,2
1	1,1	1,2
2,0	2,1	2,2
